

I Really Love You Baby - Thank you for Brighton

Hey baby! I haven't done one of these in a little while so I thought I'd surprise you with one. Always remember that I love you loads and loads and that I want to spend the rest of my life with you! I never ever want to lose you sweetie! You're so important to me! I'd be so lost without you! I really can't wait to propose to you and get married and to have a family of our own. I love you!

Baby I really loved our week in Brighton! I wished we had another week there so that we could chill some more and explore more of the lanes and Brighton. We would have been able to go bowling too! I will take you to TenPin if you'd like so then we can play a game together and you can see how much I suck at bowling. I loved Valentine's day with you! I really did, I'm so happy that I got to spend my first valentine's day with you! You made it really special baby, just by being there and allowing me to spoil you and get you dinner. I was really happy with the place we went to and the food was really nice. Even though someone got a little tipsy I really enjoyed having dinner with you! If you want, we can go back there and try some of their other dishes.

I loved going on the i360 with you! I loved going to SeaLife with you and looking at all of the fishes and going on the boat ride thing. I loved going to the arcades with you and winning loads of tickets! We can do the Friends puzzle soon if you want? I loved exploring the lanes with you as well baby! I love spending time with you and doing stuff together! I enjoyed Tuesday too even though we just chilled, I just loved chilling with you playing our switches together and building some of the lego together. I really want to move there with you! I really do! Being in Brighton with you makes me really happy! I loved our holiday even though there were strong winds due to someone farting all of the time 😊. I loved swimming as well! Thank you for teaching me to swim, you're an awesome teacher and I wouldn't mind you teaching me other things as well. You let me learn at my pace and don't have a go at me when I get it wrong. I will eventually master swimming, it's just going to take time. So basically when I'm like 50 I will be able to swim properly 😂😂.

I really really love you sweetie! I've never met anyone like you and I don't want to ever lose you! I will be completely devastated if I lose you! You're so special to me and I always think about you wondering what you're up to and if you're ok. I just want to make sure that you're ok and happy! Thank you for our trip to Brighton baby! It makes me happy knowing we've created loads of more memories together and we have pictures. I love looking at pictures of us, it makes me really happy! I loved the photo album you got me, I'm going to treasure it forever and ever! I want you to pick some photos to go in the album as it will be extra special if you choose them! I loved the card and presents you got me. I honestly see you as my soul mate and I want everything with you! I want to grow old with you. I want to walk through life holding your hand and taking one step at a time together! You're my everything! Thank you for everything you do for me! You're so beautiful, caring and kind baby! You're so perfect! I'll always be here for you! I'll always love you! You'll always have a special place in my heart! I love you millions and billions and nothing will ever change that! I love you!!!
